# 120th Annual Report, 1973-74

TO LIFE GOVERNORS AND CONTRIBUTORS:

LADIES AND GENTLEMEN,

As President of the Committee of Management I find it my pleasant duty to present the 120th Annual Report and Financial Statements of the Base Hospital, Central Linen Service, Alveston and Corio, for the year ended 30th June, 1974.

Throughout the year the Committee has adopted a policy of close co-operation with the Hospitals & Charities Commission in the development and expansion of services for the aged in the Corangamite Region, and great progress has taken place in this field following the appointment of Doctor T. Howison, M.B. B.S., M.R.A.C.P., to the staff as Specialist Geriatrician during November 1973. Doctor Howison has demonstrated wide appreciation of the problems associated with the ageing population and the Committee has accepted his philosophy of providing medical and paramedical services to support and maintain the elderly in their normal home environment for the longest possible period, with the view to delaying admission to long term hostel or nursing home accommodation to the latest possible moment. A geriatric services team to support the Geriatrician consisting of Social Worker, Occupational Therapist, Diversional Therapist, Physiotherapist, Speech Therapist, Chiropodist, Nursing personnel, aides and clerical assistant has been successfully recruited. This team is now functioning as a unit and provides rehabilitation and retraining services for both day patients and inpatients. The Visiting Nurse Service which has been expanded to a staff of four Sisters and one Supervisor is working in close liaison with the geriatric unit to provide comprehensive domiciliary care. The number of patients being visited by the District Nurses in Warrnambool has reached a total of 100, and it is planned to extend the service to the Shire in the near future. The Board has also agreed to the establishment of a public dental clinic at the Hospital which is planned to commence during October 1974. Mr. W. Robertson, L.D.S., B.D.Sc., has been appointed to the staff as full time dentist and a dental nurse and dental technician are to be recruited in due course.

## BUILDINGS

Further progress has been made with the upgrading of facilities in Marcus Saltau House and all rooms with the exception of those on the south frontage now have talk back nurses call system, T.V. antennae, radio and telephone outlets at each bed and private toilet and shower

blocks. Soft coverings have also been laid in the corridors to reduce noise. Capital expenditure involved during the year was as follows:-  
Building Contract -- Fotheringham Constructions Pty. Ltd., \$35,000  
Mechanical and electrical maintenance staff \$36,888

Furnishings, floor coverings and ward beds \$12,630  
Government Grants allocated amounted to \$60,460

Plans for the final stage of this project on the south frontage are prepared and awaiting approval of the Hospitals & Charities Commission to proceed.

The following projects are in progress at the present time:-

Two additional flats for Resident Medical Staff \$34,900  
The establishment of dental unit and provision of recovery area in Casualty \$5,902  
Shed for Central Linen Service vehicles \$7,872

Negotiations are taking place with the Hospitals & Charities Commission to upgrade facilities in Ward 7 and the old buildings adjacent to the Infectious Diseases Ward, to provide a more suitable environment for patients undergoing rehabilitation and retraining. Preliminary approaches have been made to the Hospitals & Charities Commission for approval to commence planning building development in Ward 6 area and also to alter the kitchen to improve cold storage and cooking conditions and to institute centralized meals service and dish-washing.

Maintenance and betterment of buildings and plant is a matter requiring constant attention by the Committee and during the year the following expenditure has been authorized and the Engineer instructed to proceed with the work.

Vinyl tiles Ward 2 walls - \$990.00  
Paint for metal decked roofs - \$660.00  
Replacement windows 3rd Floor Nurses Home - \$2969.00  
New incinerator - \$6408.00  
Evaporative cooling unit Medical Records Department - \$578.00  
Removal of hedge and concrete kerbing Timor Street frontage - \$1,450.00  
Alterations to Sisters' Stations Wards 1, 2 and 3 - (Maintenance Item)

## EQUIPMENT

Requests from all departments for additional items of equipment come before the Committee at each monthly meeting which indicates the keen interest maintained by the staff in keeping

**CHARITABLE CONTRIBUTIONS:**

The usual generous response to appeals for donations to the Charitable Fund was forthcoming from the City and surrounding districts. During June 3YB Radio Station again devoted a full Sunday to the conduct of a radio appeal for donations to Hospitals in the Corangamite Region. The result being an all time record of \$80,527. Total amounts received for the Warrnambool Institutions were as follows:-

Base Hospital \$28,941.00  
Alveston \$1,488.00  
Corio \$1,430.00  
Total \$31,859.00

The Miss Hospital competition was again conducted conjointly with the Radio Appeal and our thanks is due to the following candidates for their willingness and co-operation in representing their various committees, and devoting time and effort to raise money for their particular organization.

Base Hospital- \$16,210  
Miss Margaret Kempman \$1,957  
Alveston - \$1,957  
Miss Roslyn Perry \$1,957  
Corio - \$1,664  
Mrs. Colleen O'Donohue \$1,664

Appreciation is expressed to the Manager at 3YB, Mr. J.Walker, and his staff for their enthusiasm and support and to all those who contributed to the appeal.

Advice was received recently from the Executors of the Estate Margaret Brodie Deceased, that a bequest of \$52,000.00 is to be shared equally between Lyndoch Hostel for the Aged and the Warrnambool & District Base Hospital.

The Egg Appeal conducted during September/October 1973 resulted in a total of 623 dozen being received at the Hospital Kitchen. This collection was valued at \$436 and the co-operation and assistance of the teaching staff and pupils at City and District Schools who supplied and delivered the eggs is to be commended.

**AUXILIARIES:**

The death of Mrs. E. Hose, Secretary of the Naringal Auxiliary, was a sad loss to the Hospital

Committee. The Late Mrs. Hose was an enthusiastic and loyal Auxiliary Member and stimulated interest and support for the Hospital throughout the Naringal District. Since her death the Auxiliary has been unable to attract Office Bearers and unfortunately the decision has been made to disband. We wish to thank former members for their loyal help and support throughout the many years which the Auxiliary was in existence.

The other Auxiliaries continue to maintain their enthusiasm and have paid a total amount of \$12,549 to the Charitable Fund during the financial year. The Staff Auxiliary established an all time record by raising a total of \$7,563.00 which is an indication of the high morale and loyalty of paid Hospital staff here at Warrnambool. The Committee had been assured of continued support from all remaining Auxiliaries and is extremely grateful for this demonstration of continued interest.

**FINANCE:** In common with other industries and services charges for salaries and supplies have escalated at a fast rate and total expenditure has grown by 27.25% on the 1972/1973 figure. In accordance with Government instructions patients fees were increased on 1st September, 1973, but in spite of this measure large additional Government Grants were necessary to keep pace with rising costs. Final results for the financial year 1st July, 1973 to 30th June, 1974, after making provision for uncollectable fees and long service leave entitlements provision were as follows.

	Income	Expenditure	Deficit
Base Hospital-			
	\$2,864,745	\$2,875,573	\$10,828
Corio -	\$ 218,648	\$ 227,082	\$ 8,434
Alveston -			
	\$ 169,518	\$ 172,944	\$ 3,426

**STATISTICS:** As the following figures indicate percentage of occupancy and the daily average have stabilised over the last three years. Taking into account allowance for peak demands and the beds set aside for specific purposes such as midwifery, children, infectious diseases and intensive care, an average occupancy rate of 75% over the whole Hospital is possibly the maximum figure which can be comfortably maintained. Apart from providing additional beds, the only means available of treating a greater number of patients is to reduce the average stay in Hospital, and as the figures indicate this is what is occurring at Warrnambool. The recent expansion of the District Nursing Service has assisted in making earlier discharges possible.

	1971/72	1972/73	1973/74
Number of patients treated	5,175	5,414	5,889
Daily Average Inpatients	170.1	171.7	171.2
Average Stay in Hospital	12.0	11.5	10.61

Percentage of Occupancy	74.3	75	74.7
-------------------------	------	----	------

The number of patients attending the Casualty and Outpatients Department and at Outpatient Clinics increased dramatically throughout the year. Additional nursing staff were employed and two separate units formed, one to care for those attending on a casual basis with medical problems and at clinics and the other to treat the accident cases and those requiring the use of the Casualty Operating Theatre. An additional two Resident Medical Officers joined the staff during 1974 which made it possible to cater for demands. Comparative Outpatients and Casualty statistics were as follows:-

	1971/72	1972/73	1973/74
Attendances	18,020	20,770	28,289
Daily Average	49.2	56.9	77.5

**SPECIALIST MEDICAL DEPARTMENTS:**

The Departments of Pathology and Radiology have been called upon to perform an even greater number of examinations than ever before. This in itself is an indication of the expert and efficient manner in which the diagnostic services are conducted by Dr. Reid and Dr. Rafferty and their technical staff members. The mobile image intensifier installed in the Operating Theatre has been of great assistance to the surgeons carrying out orthopaedic procedures.

	1971/72	1972/73	1973/74
Examinations	28,653	30,680	36,579
Pathology	9,670	10,541	11,240
Radiology			

As mentioned previously the new Department of Geriatric Medicine under Doctor Howison has taken shape in a remarkably short period of time and a positive programme of rehabilitation and domiciliary support has commenced. It is hoped that better facilities can be provided in the near future to allow the service to expand and improve. Under the guidance of Doctor Howison a "Co-ordinating Committee of Services for the Elderly" consisting of representatives of organizations involved in the care of aged persons has been formed. It is hoped that this Committee will be of assistance in providing a total service catering for all needs, physical, psychological and social.

**PARA MEDICAL SERVICES:**

The Chief Pharmacist, Mr. Charles Whiddett, has experienced a difficult year in endeavouring to maintain a satisfactory pharmacy service to an expanding number of inpatients and outpatients and to Regional Hospitals. He has been ably supported by pharmacist Mr. E.F. Hayes, who has forfeited a proportion of his retirement years to help on a part-time basis, trainee Miss Eve Wasiak and assistant, Mrs. J. Foster. Attempts to recruit another full-time qualified person have not been successful although negotiations are in progress to rectify this situation in the near future. Pharmacy Units issued grew from 108,247 last year to 126,341.

The Department of Speech Therapy was extremely fortunate in obtaining the services of Miss T. Williams to replace Miss S. Jacobs who resigned at the beginning of 1974, and thus retain a staff level of two therapists. The skill of Mrs. Mackenzie and Miss Williams are of great importance to those with speech defects, particularly the children, and Warrnambool is extremely fortunate to have this service. Many country districts have been unsuccessful in attracting therapists to their areas. Physiotherapy is another medical ancillary which has been maintained at a highly effective level. Mr. Tony Grace joined the staff early in 1974 and we now have a total of four physiotherapists at the Hospital. In addition, Mrs. Sveilis maintains the usual service to the region. Two students from Lincoln House spent a two week observation period at Warrnambool during the year. We understand that this is the first occasion on which students, have ventured outside the metropolitan area for practical experience.

Patients' social well being continues to be the responsibility of our Welfare Officer, Mrs. E.J. Taylor, who attends to the many and varied problems presented to her with warmth and compassion.

The Medical Records Department continues to fill its important role in ensuring that all necessary data relative to patients' treatments is properly recorded and the statistical system maintained. One of our bursary holders, Miss Michelle Harper, graduated in 1973 and has assumed responsibility for the regional Hospitals with Miss J.O'Keefe now filling the role of Chief Medical Record Librarian.

**GENERAL SERVICES:** The Committee of Management is acutely aware of the necessity to attain a high standard of performance in the general service departments and due consideration is given to the important role which these departments play in providing a high quality patient care programme.

General maintenance of buildings plant and equipment is constantly under review in close consultation with the Engineer, Mr. Bedgood. In addition to normal maintenance work our tradesmen have carried out the major project of completely renewing the heating and electrical systems in the major sections of Marcus Saltau House. During the last twelve months two new electrical switchboards have been installed and replacement wiring run to 241 new lights and 156 power outlets. In addition, two new Nurses Call Systems have been wired in and the heating system completely renewed with hot water radiators installed in all rooms.

The Dietary Service under the direction of the Catering Officer, Mr. F.J. Kelly, has continued to produce a top quality meal service for patients and staff, in spite of additional demands and difficulties associated with procuring certain types of foodstuffs. Provision of meals for the 80

patients at Alveston and Corio Nursing Homes has proved to be an unqualified success. Due to the large number of patients requiring special diets the Committee has endeavoured to recruit a qualified Dietitian to assist and advise both the Catering Officer and the Doctors in this important field of patient care. Unfortunately our efforts in this direction have not been successful to the present time.

Housekeeping has remained the responsibility of Mrs. Horwood as Domestic Supervisor and the standard of cleanliness throughout the Hospital leaves little to be desired. The floor maintenance machine purchased during the year has proved to be efficient and labour saving.

The Central Linen Service is now operating in a much improved environment and is maintaining an output of 20 tonnes weekly with ease. Average cost of processing of linen was 26.87 cents per kilogram and a rebate of .5c per kilo was paid to participating Hospitals during the year. Agreement was reached with the Mental Hospital to include its sheets, pillow slips and towels with the general pool of linen and this innovation has greatly improved efficiency. Regional Hospitals continue to express satisfaction with the Linen Service and credit is due to Mr. Earl and his staff for the manner in which this service is conducted.

**ADMINISTRATION:** The Hospital consists of numerous departments engaged in activities which in many instances require highly specialised training and skills, and successful administration is dependent on closely co-ordinating the efforts of all sections. To achieve this goal mutual agreement and co-operation is necessary between the medical, nursing and general service divisions and we appreciate the efforts of the Matron Miss Stewart, Medical Superintendent Dr. Reid, and Manager Mr. Matthews in this regard.

Dr. Reid's enthusiasm for the progress and status of the Hospital continues unabated and his energy in organizing Resident Medical staff training programmes and continuing education for Medical staff generally is appreciated by the Committee. Success in attracting a total of six Resident Medical Officers to the staff in 1974 was mainly due to his efforts.

Under the guidance of Matron Stewart and her Deputies, Miss Taylor and Miss Hawker, the wards and other nursing departments have continued to give care and attention of a high standard to patients. In the field of nurse education, Matron and the Principal of the School of Nursing Miss Rogan, have devoted many additional hours of duty to the preparation of submissions required by the Victorian Nursing Council to enable our school to be approved under the new curriculum regulations. The conduct of the Nursing Aide School has again been highly successful, and students have graduated with excellent results under the tuition of Miss Page and Miss Chandler, Matron is to be

congratulated in gaining election to the Victorian Nursing Council during September 1973 to fill an extra ordinary vacancy.

The execution of Board of Management policies and general administration of the Hospital and its annexes have been conducted satisfactorily by the Manager and Secretary Mr. Matthews and his deputy Mr. Hando. Accounting and financial functions have been carried out in an efficient manner by the Accountant Mr. Vaughan and the office staff.

#### **ALVESTON AND CORIO OLD FOLKS HOMES:**

These two nursing home units have continued to function quietly and efficiently in providing long term care for those of our senior citizens who are unable to manage without nursing assistance.

Matron Bruce at Alveston, Matron Hammond at Corio and the dedicated staff members are to be commended for the kind and thoughtful manner in which they carry out a demanding and difficult task. An innovation during recent months has been the employment of Mrs. M. Cole in the role of Diversional Therapist to stimulate handicrafts and social activities. This programme was activated by Dr. Howison in his role as Geriatrician and has greatly improved the general atmosphere and well being of the patients. The following equipment was provided from monies donated by the Fletcher Jones organization, staff fund raising for the 3YB Appeal and other generous donors. Government Grants were also received to assist.

#### **ALVESTON:**

9 variable height beds and adjustable overbed tables	\$1,967.00
Drug trolley	\$123.00
Evaporative cooling unit	\$660.00

#### **CORIO:-**

14 variable height beds and adjustable overbed tables	\$3,107.00
Evaporative cooling unit	\$908.00

#### **BURSARIES AND APPRENTICESHIPS:-**

The policy of granting bursaries to students undergoing training in the para medical disciplines was continued and the following awards consisting of living allowance, books and compulsory fees were granted in 1974.

Pharmacy	Mr. Stephen Love, Cooriemungle.
Dietetics	Miss Carolyn Cadby, Warragul
Occupational Therapy-	Miss Joanne Gude, Melbourne.
Medical Records-	Miss Kristine Jenkins, Warrnambool
	Miss Roslyn Edsall, Port Fairy.

The bursaries are conditional on a period of continuous service after graduation therefore continuity of staffing in these departments is reasonably assured.

Apprenticeships in the cooking trade continued to be offered and at the present time the following apprentices are employed in the Hospital kitchen

Mr. G.O. Habel,	Mr. J.E. Veal,	Mr. M. Harrison,
Mr. J.D. Malseed,	Mr. M. Johnson.	Mr. J.

Patison has recently completed his training and has chosen to remain on the kitchen staff as a qualified tradesman. The high standard attained in our food services is in no small measure due to this training programme.

#### **REGIONAL AND SECTOR**

**SCHEMES:** Regular meetings of Sector Board No. 5. and the Corangamite Regional Council have been held throughout the year to stimulate interest in the further development of services on a regional and sector basis. The computerized payroll system is now available as a regional service and the majority of Hospitals in the Corangamite Region now process payroll through the Base Hospital terminal. The success of this project is largely due to the enthusiasm and efficiency of the Pay-Mistress, Mrs. J. Taylor.

The establishment of the Geriatric Unit is expected to accelerate the improvement and extension of services for aged persons throughout the whole region. The extension of pharmacy activities to include an advisory and supervisory role for district Hospitals is under discussion but progress in this field is dependent on the availability of sufficient numbers of qualified staff. Developments at Sector level include A.M.A. approval to the formation of an association of medical practitioners interested in paediatrics, organisation of a helicopter service if required and conversion to the standard medical records system at Colac Hospital.

#### **HONORARY SERVICES:**

Attention is drawn to the services which are provided by the doctors, dentists, and optometrists appointed to the Honorary Staff. In addition to accepting responsibility for the professional care of public patients this group conducts an extensive education programme for Resident Medical Officers and student nurses. Our Honorary Solicitors, Messrs. Mackay, Taylor and Smith have been required to assist the Board in legal matters on a number of occasions and we express our sincere gratitude for their assistance in this field.

**VOLUNTARY SERVICES:** Community involvement in patient welfare on a voluntary basis has been a highlight of our Hospital throughout its history and this activity has continued with the same vigour and dedication as in previous years. Groups such as R.S.L. visitors, Meals on Wheels drivers, Red Cross Workers, Service Clubs, Fletcher Jones Social Club, C.W.A., Nestle Sports and Social Club, St. Vincent de Paul Society, Churches, Ministers of Religion, Auxiliary Members, Schools' Social Service Clubs, and many other individuals and organisations carry out a constant round of visitations and other good works in an endeavour to ease the pain and anxiety associated with illness. This demonstration of compassion and thoughtfulness in an increasingly materialistic society is indeed a pleasure to perceive.

## PUBLIC RELATIONS:

Monthly reports received from Matron invariably include a list of the various groups of school children and others who have toured the Hospital to gain information from an educational viewpoint. These tours are particularly helpful in promoting good public relations and community interest in Hospital affairs, but must at all times be accompanied by a staff member, and we thank Matron Stewart most sincerely for the interest and enthusiasm which she devotes to this important but time absorbing task.

## HOSPITALS & CHARITIES COMMISSION:

We have experienced a further change in Commissioners during the past year following the retirement of Mr. A.J. McLellan early in 1974 and our congratulations and good wishes are extended to the following members appointed on 6th May, 1974:-

Dr. E. Wilder Chairman.  
Mr. R.L. Thomas Deputy Chairman  
Mr. F.W. Cremean Commissioner

Relationships with the Commission have remained cordial and all requests and negotiations have received sympathetic and beneficial consideration. A visit by Dr. Wilder during January of this year with members of his staff was greatly appreciated.

## LIFE GOVERNORS:

Due recognition of outstanding service to the Hospital cause is a matter for annual review and the means available to the Committee is to appoint such persons to the status of a Life Governor. At the 1973 Annual Meeting the following staunch Hospital supporters were presented with Life Governor Certificates and their names added to the roll.

Mrs. J.F. Anderson, Nullawarre.  
Mrs. P. Moore, Koroit  
Mrs. J. Guyett, Warrnambool  
Mrs. D. O'Brien, Hawkesdale  
Mr. O. Henry, Warrnambool

In addition Dr. R.R. Sobey was presented with his Certificate at the Board Meeting following the Annual Meeting and our retired Manager and Secretary Mr. S.A. Lindsay received his Certificate at the public gathering at the Town Hall on the occasion of the Nurses Graduation Ceremony held during November 1973.

## BOARD OF MANAGEMENT:

The following members retire by effluxion of time and are eligible for re-election:-

Mr. E. Johnson,  
Mr. J.B. Norton,  
Mr. R.G. Bennett.

Fresh nominations will be required to fill the remaining two vacancies due to Mr. Callaghan's decision not to stand for re-election and the sudden death of the Late Mr. T.P. Parker on 25th July, 1974. These two gentlemen were elected to the Board in 1944 and have given long and distinguished service as Board Members since

that date. A farewell dinner was attended by Committeemen during August to recognise Mr. Callaghan's service and he was presented with a suitably inscribed silver tray and whiskey set as a token of appreciation. The tragic death of the Late Mr. Bruce Auty following a boating accident during February 1974 was a sad loss to the Hospital and the community generally. The casual vacancy thus created has been filled by the appointment of Mr. Nicholas Griffin.

## CONCLUSION:

As this report indicates, steady progress has been made in further improving health facilities for the well being of the community generally. The provision of equipment and buildings of acceptable standards requires constant attention, and a continuous flow of funds is necessary from both local and Government sources. We have been extremely fortunate in this regard and response from both areas has been generous. Another most important aspect of maintaining a service of good quality is success in the recruitment of qualified staff in the many specialised disciplines which have become necessary to support the health field. Good fortune has again prevailed and apart from one or two difficult areas all departments are fully staffed. The responsibilities of the Board increase each year as an increasing number of people avail themselves of the Hospital and its many and varied services. Board Members have conscientiously attended monthly Board Meetings, and also numerous sub-committee meetings, to devote their valuable time and talents in deciding Hospital policies on the many facets of activity. I wish to thank them for their support and loyalty throughout the year.

Our leaders in the municipal field, His Worship the Mayor, Councillor J.P. Daffy and Shire President Councillor, T.F.O. Wilton, continue to maintain interest and give loyal support to our endeavours. The Warrnambool Standard, 3YB Radio Station and BTV6 maintain a steady flow of information to the public which stimulates interest in this most important community service. A further contribution to publicity is the time devoted by our radiographer, Mr. Louis Sveilis in preparing photographs for publication in the Annual Report and also the enthusiasm of Mr. R. Ziegeler, Chief Radiographer and Doctor G.T. Awburn in preparing a film to show at each Annual Meeting of Contributors.

On behalf of the Board of Management.

V.G. BALMER,  
President.

## Matron's Report

Herewith my report from the Nursing Division with information from Nursing Service areas and Schools of Nursing.

## NURSING SERVICE.

Staff establishments have been maintained throughout the past year. A new area of service involving nursing staff has been the Day Centre and a rapidly developing department has been the District Nursing Service. As noted in the statistics, the total number of patients cared for in the wards and departments had increased and with additional service requirements, the nursing staff establishment was also increased. The Casualty and Outpatients Department staffing was revised and all requests for additional staff have been met - the total nursing establishment is now 242.25.

## GENERAL NURSING TRAINING.

The Annual Nurses' Graduation Ceremony was held at Warrnambool Town Hall on Friday, 2nd November, 1973. Miss E.P. Orr, S.R.N. (T.C.) Dip. Ward Management, Dip N. Admin., F.C.N.A. Director of Royal Childrens Hospital, was Guest Speaker. Graduates and all in attendance sincerely appreciated Miss Orr's address and her presence at this important evening.

Moran, Vincent Michael Noonan, Peter John Primmer, Janis Ann Purcell, Brenda Ann Shepherd, Lynette Anne Walker, Pamela Frances Walsh, Gwenda Myrtle White, Margaret White,

Congratulations must be extended to all students who have completed their training and passed their examinations. Students of Corangamite Nursing Aide School appreciate their programme of instruction at Warrnambool and District Base Hospital and also within their own hospitals.

**APPRECIATION.**

I must personally thank the nursing staff for their loyal support and assistance throughout the year and congratulate the Student Nurses' Association. Co-operation was highlighted when, unfortunately, so many of the staff were off duty, ill, during June. Dr. J. Reid, Medical Superintendent, has continued to guide the nursing staff and we look to him for direction within the health field. This, we are always assured of and are extremely grateful. The Honorary Medical Officers and Resident Medical Officers have contributed once more to the maintenance of nursing standards and assistance in the School of Nursing.

Continuous contributions from Hospital Auxiliaries and the public are indeed encouraging. Visitors to our hospital are made aware of the sophisticated equipment available and the support given to purchase such equipment. Patients and staff again extend their thanks to visiting clergy, blood donors and voluntary organisations.

We are all indebted to the President and Members of the Board of Management, to Mr. Matthews and his staff and to all departmental personnel for their co-operation over the past year.

JUNE H. STEWART, F.C.N.A.

# Medical Superintendent's Report

The hospital was busy most of the year. Bed occupancy was high and there was a dramatic increase in the number of patients attending the Casualty and Outpatients Departments. The increase in outpatients followed the pattern in the rest of the State and reflected the shortage of General Practitioners. It is pleasing to report that two of our previous Resident Doctors, Drs. Fairbank and Page have returned as General Practitioners and that most of the present Resident Doctors are contemplating staying in the District.

In the calendar year 1973, 5407 patients were admitted. 27% of these were children suffering from infections and were "short stay" patients. The over 65's accounted for approximately 15% of admissions, and also for nearly 50% of those suffering from disease of the heart or the blood vessels to the brain. These patients tend to be "long stay" patients and this creates a problem in an acute hospital such as the Base Hospital. Beds must be kept available for the short stay acutely ill patients. The appointment of Dr. T. Howison as Geriatrician should help to alleviate the position in due course. With the introduction of rehabilitation centre employing an expert team of Doctors, Physiotherapists, Occupational Worker, Social Worker and Speech Therapist and with the follow up by the expanded District Nursing Service it is hoped that these patients will be rehabilitated and returned to their own home and not allowed to deteriorate and become candidates for Old Folks Homes. This service will need the full co-operation of the Community.

Heart disease and trauma accounted for many of the admissions and if the incidence can be reduced, as it can be, there will be less demand for beds resulting in considerable financial gain to the community. An abbreviated data analysis for 1973 is shown in the appendix 2.

There was great activity within the hospital. Resident Doctors and nurses need special training and all Doctors have to try to keep up to date with the rapid expansion of medical knowledge and techniques. Regular discussions and tutorials were held during the week, and throughout the year we were privileged to have visits from experts in the various fields of medicine. The list of speakers and their subjects will give some idea of the diversity of topics discussed. (See appendix 1.)

The hospital is a training centre for nurses, laboratory technicians, radiographers and sponsors medical record librarians, speech therapists, occupational therapists, physiotherapists and pharmacists. This means that we usually have adequate staff in all Departments and are thus able to supply a first class service.

We continued to buy new equipment for all Departments and Warrnambool Base Hospital is probably one of the best equipped hospitals of its size. The Bennett Intensive care respirator proved to be life saving on occasions. The image intensifier in the operating theatre has speeded up the fixation of fractures.

The Resident Medical Staff was increased to 2 seniors and 4 juniors. Next year it is proposed to employ two more seniors. This should improve patient care and supervision. The standard of Medical and Nursing care was maintained at a high level and we must thank the Honorary Medical Staff and the Nursing Staff for their devotion to duty.

As usual the Administrative Staff, Nursing Staff, doctors and ancillary services worked harmoniously together and I would like to thank them for their co-operation.

JOHN D. REID

### AUDITOR'S REPORT

We report that we have examined the Accounts of the Warrnambool & District Hospital for the year ended 30th June, 1974.

In accordance with usual hospital accounting practice, provisions have not been made for depreciation of buildings, plant and equipment. Subject to the foregoing, in our opinion, the Balance Sheet and Statement of Income and Expenditure are properly drawn up so as to give a true and fair view of the state of the Institution's financial affairs at 30th June, 1974, and of the financial results of its service for the period ended on that date.

The accounting and other records examined by us have been properly maintained.

### AUDITOR'S REPORT

We report that we have examined the accounts of Alveston Old Folk's Home for the year ended 30th June, 1974.

In accordance with usual hospital accounting practice, provisions have not been made for depreciation of Buildings, Plant and Equipment.

Subject to the foregoing, in our opinion, the Balance Sheet and Statement of Income and Expenditure are properly drawn up so as to give a true and fair view of the state of the Institution's financial affairs at the 30th June, 1974, and of the financial results of its services for the period ended on that date.

The accounting and other records examined by us have been properly maintained.
